Ordinary prices of steers are about as follows: One year old, \$15; two year old \$18; and three year old \$20. These prices are given of ordinary stock, others may be had for less while the best will run much higher.—Imperial State, St. Louis.

—Don Bile—30 acres, 30 in cultivation; 2 dwelling houses, barn, water convenient, young orchard, 3 miles south of Tusumbia, on Lynn Creek road price \$400. Good title. Apply at Banner office.

—WANTED—Fifty tin makers at Brockman's Road. Big pay. Apply to James Cox.

## PLEASANT MR. ITEMS.

—A Sunday school was organized at the church at this place last Sunday. Mr. Jas. Brockman, superintendent; Mrs. Stevens, assistant superintendent; Santie Spaulding, secretary; John Ritter, librarian; W. H. Kemper, treasurer. There was quite a nice turnout and we expect to have an interesting and instructive Sabbath school.

—Messrs T. Wilson, Chas. Wilson, Robt. Greeley and Geo. W. Edison are canvassing this neighborhood for Simcock & Co.'s nursery. This nursery has a wide reputation, as we see from the statements of prominent arboriculturists. This is an old nursery, backed by staunch men and the trees are sold by business driving men, who claim to sell nothing but the very best found in the United States.

—Let everybody hold their breath and wonder! What will come next to advance the interest of our county? Here we have before us a copy of our new-born paper, the Aurora Cresset. We have been thinking for sometime that Aurora should have a paper, but had never heard it hinted that Aurora would have a paper. So you can imagine our surprise when on calling for papers the Cresset was handed out. Success to the little paper. May it talk the interests of Aurora and Miller county, and be a true beacon light which will lead many to the famous mineral springs of Miller where they may be restored to perfect health and when they go away they may go rejoicing.

—Mr. Geo. P. Swanson started toward Aurora last Monday with his seal and book. He has a job of making deeds somewhere in that direction.

—Uncle Joe Taylor visited our town this week.

—Mr. Louis Leese, of Tusumbia, spent part of last Sunday with us.

—Miss Dolly Stetson, who has been visiting the family of Capt. Franklin, is now visiting her uncle. She will return home in a short time accompanied by Miss Ellen Franklin.

—Mr. Joseph Lawson, of Buffalo, has been visiting friends and relatives here.

## IBERIA ITEMS.

Entirely too much rain is falling here for the crops to do well. If it don't cease very soon, wheat will be damaged; in many places a part of a field, and balance with the furrows almost obliterated by the rains. Up to present indications there is no prospect of it quitting.

We are overstocked in several things in this Rock Town. We have too many stores, too much whisky, too many wisoners, too many gossipers and scandal mongers. I heartily believe if the tongues of some few people were locked, they would suffocate, strangle or explode. Such is their habit of talking about other peoples business, that it has become a malignant, incurable disease. We have many good people, but some again extremely ignorant and restive. They totally neglect their own business to watch and bark after others.

Esqr. Arnold is doing a good cash business in family groceries etc.

Dr. Wade continues to cure everything he treats,—some mighty bad cases to. He cured a bad case of Alcoholism a few days ago.

Mrs. Dr. Wade has returned from her visit to Illinois, highly delighted with her visit to her mother, brothers and sisters.

## A COW DOZER.

It makes me feel sorry to think that there is one man in the County Cleft of miller that pretends to do business in the public that is so hard up that he can't make the rifle bad luck has fallen to his portion I have been dealing some little with him here to fore and allways paid him up and thought he was a very fine man but a few days hence I was at his shop and purchased one can of oysters from him price 15 cents going off forgetting to pay him for them he found out he can't purchase the next stock of oysters without the aid of the 15 cts he has also thought so much of himself not so much of himself but the 15 cts that he has given me up to the County for the pitiful sum of 15 cents.

He is now walking the floor thinks he never will see his 15cts any more he will watch up and down the street to see if he can catch that awful dead beat he will give it up at last and think that dead beat has got it fast his little children will ask him for candies to eat but he can't supply them on the count of losing 15 cts with that dead beat.

G. W. Johnston
